Dear Mr. Secretary:

I suppose you have seen this. It seems to me a very sad story though cases of this kind are very hard to diagnose and handle properly.

I hope in the case of these boys special care will be taken as I think they suffer even more than other people from frustration in childhood which makes it difficult for them to take the ordinary things that we all expect people to take in life.

Very sincerely yours,

ELEANOR ROOSEVELT.

Secretary Forrestal.
